- Steps are taken to ensure parents and pupils are aware of the school/college's safeguarding and child protection policies and procedures.
- Governors take steps to ensure children are given opportunities within the curriculum to learn how to keep themselves safe, including on-line.
- The school/college has appropriate written procedures in place to ensure safe recruitment practices and reasonable checks on visitors to the school, to deal with allegations against staff or volunteers and to report matters to the Disclosure and Barring Service as required, and that these policies are consistent with statutory guidance and reviewed on an annual basis.

2.3 Schools and head teachers/principals

The head teacher/principal will ensure that the school/college meets its statutory safeguarding duty by ensuring the following:

- Staff are inducted thoroughly **and have read** all the school/colleges' safeguarding and child protection policies so that they are **fully aware of their role in safeguarding children** and are able to fully implement policies.
- All staff are able to identify those children who need extra help and can make appropriate referrals to early help services.
- All staff are vigilant to harm and abuse, are able to identify those children for whom there are child protection concerns and can make appropriate referrals to CSSW.

- The school/college offers a safe environment for staff and pupils to learn.
- Safeguarding issues are brought to the attention of the governing body.

2.4 Role of the designated safeguarding lead

The role of the designated safeguarding lead and their deputy is to take lead responsibility for safeguarding and child protection within the school/college and to be available during school hours for staff to discuss safeguarding concerns.

Additional procedures

Individual schools/colleges should record how this will be managed, for example through use of a rota or special telephone number to ensure that advice from the designated lead or their deputy is available during school hours.

The designated safeguarding lead (and their deputy) will:

- liaise with and manage referrals to relevant agencies such as CSSW, the LADO, the Channel Panel, the Police and the Disclosure and Barring Service (DBS);
- keep the head teacher/principal and the board of governors informed of on-going safeguarding and child protection issues and enquiries;
- provide advice and guidance for staff on safeguarding and child protection issues and making referrals;
- ensure the school's safeguarding and child protection policies are up to date and consistent with Camden's Safeguarding Children Board policies and that policies are reviewed annually;
- ensure all staff, including temporary staff, are aware of and understand policies and procedures and are able to implement them;
- attend regular training and the designated teachers meetings hosted by Camden in order to keep up to date with new policy, emerging issues and local safeguarding and child protection procedures and working practices;
- provide regular updates received from Camden to all staff members and governors on any changes in safeguarding or child protection legislation (updated information will be provided by Camden at the designated teachers meeting and designated safeguarding leads will be responsible for communicating this information to staff immediately; they may decide to hold workshops or discuss in staff meetings);
- have an awareness of those children who may be in need, young carers and children who have special educational needs;

Model safeguarding and child protection policy for schools and colleges in Camden

- oversee child protection systems within the school/college, including the management of records, standards of recording concerns and referral processes;
- provide a link between the school/college and other agencies, particularly CSSW and the Camden Safeguarding Children Board;
- ensure staff , including temporary staff, receive appropriate safeguarding and child protection training every 2 years;
- ensure parents are fully aware of the school/college policies and procedures and that they are kept informed and involved;
- ensure relevant records are passed on appropriately when children transfer to other schools.

2.5 Working with parents and carers

The school/college recognises the importance of working in partnership with parents and carers to ensure the welfare and safety of pupils.

The school/college will:

- make parents aware of the school/college's statutory role in safeguarding and promoting the welfare of pupils, including the duty to refer pupils on where necessary, by making all school/college policies available on the school/college web-site or on request;
- provide opportunities for parents and carers to discuss any problems with class teachers and other relevant staff;
- consult with and involve parents and carers in the development of school/college policies to ensure their views are taken into account;
- ensure a robust complaints system is in place to deal with issues raised by parents and carers;
- provide advice and signpost parents and carers to other services and resources where pupils need extra support.

Additional procedures

Individual schools should record any additional policies and procedures here. Schools should also be aware of the additional guidance available from the DfE on dealing with issues around parental responsibility:
https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/489901/Parental_Responsibility_Advice_for_School_January_2016.pdf

3 Safeguarding children

The school/college will carry out its duty to safeguard pupils which is:

- protecting children from maltreatment
- preventing impairment of children's health or development
- ensuring children are growing up in circumstances consistent with the provision of safe and effective care
- undertaking that role so as to enable children to have optimum life chances so they can enter adulthood successfully.

To achieve these aims, the school/college will:

- identify children who need extra help at an early stage and provide help and support in order to prevent concerns from escalating;
- where the child's extra needs require services from another agency, make a referral to the Early Help service (via the Child and Family Contact team) for appropriate help and support;
- where the child is receiving an Early Help service, work as part of the Team around the Child and take up the role of lead professional where this is appropriate;
- identify children who may be suffering from significant harm and make a child protection referral to CSSW (via the Child and Family Contact team who will pass referrals on to the MASH);
- share information and work in an integrated way to ensure a co-ordinated response from agencies to support families and meet the child's needs.

The school/college will refer to Camden's thresholds and eligibility criteria (available at the link below) to help make decisions on the child's level of need and the appropriate service to refer on for services. Staff will consult with the designated safeguarding lead for advice and to discuss the case prior to making any referral for services.

[Safeguarding children - Camden Council](#)

All referrals for a children's social care service will be made by way of an e-CAF referral to Camden's Child and Family Contact team. The team is Camden's "front door" for children's social care referrals and accepts referrals for all cases including the following:

- Referral for **Early Help services** for children with low-level needs who may need extra services which cannot be provided by the school to help them achieve good outcomes. Staff will consult with parents prior to making any referral to discuss the matter and gain consent to refer the child.
- Referral for a **social work service** for children with medium level needs who are likely to be assessed as being a **child in need** under section 17 of the Children Act 1989. These are children (including disabled children) who are unlikely to meet a reasonable standard of health and development unless provided with services. Staff will consult with parents prior to making any referral to discuss the matter and gain consent to refer the child.
- **Child protection** referrals made under the procedures set out in section 4 for any child where there are concerns about significant harm. **Parents should be informed that a referral is being made and consent sought, but a referral may still be made even if parents refuse consent.**

Where the referral raises concerns about the child's safety and welfare and it is thought a social work service is needed, the case will be passed on to Camden's MASH team.

4 Child protection procedures

4.1 Role of school/college

The school/college will work to the following policy documents in order to support the protection of pupils who are at risk of significant harm.

- Working together to safeguard children (*DfE 2015*)
[Working together to safeguard children - Publications - GOV.UK](#)
- What to do if you're worried a child is being abused (*DfE2015*)
[What to do if you're worried a child is being abused - Publications - GOV.UK](#)
- The London Safeguarding Children Board child protection procedures
[London Safeguarding Children Board: Child Protection Procedures](#)

In line with these policies and procedures, the school/college will:

- identify those pupils where there are child protection concerns and making a referral to CSSW
- attend child protection case conferences in order to effectively share information about risk and harm
- contribute to the development and monitoring of child protection plans as a member of the core group

- carry out the school's role in implementing the child protection plan and continually monitoring the child's wellbeing, and liaising with the allocated social worker as required.

4.2 Recognition

- Staff have a responsibility to identify those children who are suffering from abuse or neglect and to ensure that any concerns about the welfare of a pupil are reported to the designated safeguarding lead.
- Staff should refer to appendix 1 for a full definition of significant harm and the specific indicators that may suggest a pupil may be at risk of suffering significant harm.
- Any concerns held by staff should be discussed in the first instance with the designated safeguarding lead or their deputy and advice sought on what action should be taken.
- Concerns may be monitored over time and recorded on the monitoring/incident form shown at appendix 2. Details of any concerning incidents should also be recorded on this form.

4.3 Dealing with disclosures

If a pupil discloses to a member of staff that they are being abused, the member of staff should;

- listen to what is said without displaying shock or disbelief and accept what the child is saying;
- allow the child to talk freely;
- reassure the child but not make promises that it may not be possible to keep, or promise confidentiality, as a referral may have to be made to CSSW;
- reassure the child that what has happened is not their fault and that they were right to tell someone;
- not ask direct questions but allow the child to tell their story;
- not criticise the alleged perpetrator;
- explain what will happen next and who has to be told;
- make a formal record and pass this on to the designated safeguarding lead.

4.4 Referral

- **Where possible**, a decision on whether or not to refer a pupil to CSSW should be made by the designated safeguarding lead or their deputy following a discussion with the member of staff who has raised concerns. **However this should not delay any referral and any member of staff may make a referral if this is necessary but the designated safeguarding lead should be informed as soon as possible.**

Model safeguarding and child protection policy for schools and colleges in Camden

- Referrals should be in writing using an e-CAF referral completed either by the teacher raising concerns or by the designated safeguarding lead. Urgent child protection referrals will be accepted by telephone but must be confirmed in writing via the e-CAF referral within 48 hours.
- Where there is any doubt about whether the concerns raised meet the thresholds for a child protection referral, the designated safeguarding lead may discuss the case on a “no names” basis with Camden’s Child Protection Co-ordinator or **the Child and Family Contact** team social worker to obtain advice on how to proceed.
- Parental consent must be sought prior to the referral being made unless to seek consent would place the child at risk of further harm, interfere with a criminal investigation or cause undue delay. If parents do not consent, but the child is at risk of significant harm, the referral should still be made.
- If the child already has an allocated CSSW social worker, the referral should be made directly to them. If the child is not already known to CSSW, referrals should be made to the **Child and Family Contact** team. If the child lives outside Camden, a referral should be made to their home local authority.
- All referrals will be acknowledged by the **Child and Family Contact** team manager within 24 hours and the referrer informed of what action will be taken.
- **If the school/college does not think the child’s situation is improving within a reasonable timescale following referral, this should be taken up with CSSW/Early help services via the designated safeguarding lead.**

4.5 Attendance at case conferences and core groups

- The designated safeguarding lead will liaise with CSSW to ensure that all relevant information held by the school/college is provided to CSSW during the course of any child protection investigation.
- The designated safeguarding lead will ensure that the school/college is represented at child protection case conferences and core group meetings:
 - where possible, a member of staff who knows the child best, such as a class teacher or head of year will be nominated to attend
 - failing that, the designated safeguarding lead or their deputy will attend

- if no-one from the school/college can attend, the designated safeguarding lead will ensure that a report is made available to the conference or meeting.

4.6 Monitoring

Where a pupil is the subject of a child protection plan and the school/college has been asked to monitor their attendance and welfare as part of this plan;

- monitoring will be carried out by the relevant staff member in conjunction with the designated safeguarding lead;
- all information will be recorded on the child protection monitoring/incident form shown at appendix 2 prior to each conference and core group meeting;
- the completed monitoring form will be kept on the pupil's separate child protection file (that should be separate from the school record) and copies made available to all conferences and core group meetings;
- the designated safeguarding lead will notify the allocated social worker if the child is removed from the school roll, excluded for any period of time or goes missing.

4.7 Records

- Child protection records relating to pupils are highly confidential and will be kept in a designated welfare file separate to the pupil's education records. These records will be securely held within the school/college.
- The designated safeguarding lead is responsible for ensuring that records are accurate, up to date and that recording is of a high standard.
- All information should be recorded on the safeguarding monitoring/incident form (see appendix 2) and all records should be signed and dated.
- Records should show:
 - what the concerns were;
 - what action was taken to refer on concerns or manage risk within the school/college;
 - whether any follow-up action was taken;
 - how and why decisions were made.
- Any incidents, disclosures or signs of neglect or abuse should be fully recorded with dates, times and locations. Records should also include a note of what action was taken.

- The monitoring/incident form must be completed;
 - whenever concerns arise or there is a serious incident **or**
 - where a child is being monitored, prior to a case conference or core group meeting.
- Where a child who is subject to a child protection plan transfers to another school, the designated safeguarding lead is responsible for ensuring that copies of all relevant records are passed to the designated safeguarding lead at the new school.
- Child protection records will only be kept until the pupil leaves the school/college and should be disposed of as confidential waste.

4.8 Confidentiality and information sharing

- All information obtained by school/college staff about a pupil will be kept confidential and will only be shared with other professionals and agencies with the family's consent.
- If the child is under 12, consent to share information about them must be obtained from their parents or carers. Young people aged 12 to 15 may give their own consent to information sharing if they have sufficient understanding of the issues. Young people aged 16 and 17 are able to give their own consent **if they are thought to have the capacity to do so under the Mental Capacity Act; otherwise consent should be sought from parents.**
- Where a child is at risk of suffering significant harm, schools and colleges have a legal duty to share this information with CSSW and make appropriate referrals. Equally, where a child is subject to a child protection investigation, schools and colleges must share any information about the child requested by CSSW.
- Parental consent to making a child protection referral should be sought but if withheld, the referral must still be made and parents made aware of this. Before taking this step, schools and colleges should consider the proportionality of disclosure against non-disclosure; is the duty of confidentiality overridden by the need to safeguard the child?
- Parental consent to referral can be dispensed with if seeking consent is likely to cause further harm to the child, interfere with a criminal investigation or cause undue delay in taking action to protect the child. However, schools should discuss this with the **Child and Family Contact team** social worker on a "no names" basis to gain advice on whether this course of action should be taken.

- Only relevant information should be disclosed, and only to those professionals who need to know. Staff should consider the purpose of the disclosure, and remind recipients that the information is confidential and only to be used for the stated purpose.
- In the event that a child makes a disclosure of neglect or abuse, staff cannot guarantee them confidentiality, but must explain why they have to pass the information on, to whom and what will happen as a result. Parents should also be made aware of the school/college's duty to share information.
- Staff should discuss any concerns or difficulties around confidentiality or information sharing with the designated safeguarding lead or seek advice from the **Child and Family Contact** team social worker.

5 Early Years settings within schools

This section relates only to primary schools with nurseries and/or reception classes

5.1 Legal and policy framework

Staff policies set out in section 6 of this policy will apply equally to staff and volunteers in the early years settings, and the school will ensure that they receive proper training and induction so that they are aware of their role and responsibilities, all school policies and the school's expectations regarding conduct and safe teaching practice.

Whenever an allegation is made against a member of staff in the early years setting, the school will follow the Camden policy "*Guidance of the management of an allegation against a member of staff*" as referred to in section 6 of this document.

Where early years staff are taking medication that may affect their ability to care for young children, this will be notified to the head teacher.

5.4 Staff training, skills and supervision

The school will ensure that:

- all staff in early years settings have the relevant qualifications and skills for their role and receive the relevant induction, child protection and safeguarding training in line with this policy;

- all early years staff are able to communicate effectively in English both orally and in writing;
- a member of staff who holds a current paediatric first aid certificate is available on the school premises at all times and accompanies children on school trips;
- each child in the early years setting has a designated keyworker who liaises with parents to provide individual support for the child.

5.5 Staff ratios

- staff levels within the early years setting comply with statutory guidance and can meet the needs of the children, provide suitable levels of supervision and keep them safe;
- parents are kept informed of staff members and numbers;
- children are kept within staff sight and hearing at all times.

For nursery classes:

- at least one member of staff will hold a full and relevant level 3 qualification.

For reception classes:

- class sizes will be limited to 30 pupils
- classes will be lead by a qualified teacher supported by suitably qualified support staff.

5.6 Health

- take appropriate action where children are ill

- ensure any meals provided are nutritious and prepared in a hygienic manner
- notify Ofsted of any serious accident, illness or death of any child whilst attending the early years setting within 14 days.

5.7 Health and safety and suitability of premises

The school will ensure that all indoor and outdoor spaces and facilities used for early years settings are safe and fit for purpose and comply with school policies and standards for site safety and health and safety as set out section 8 of this policy. Additionally, the school will ensure that all potential hazards within the school and during school trips are regularly risk assessed.

The school has specific policies for ensuring that children are released to the care of their parent or other responsible adult with the parent's consent at the end of the day as well as policies for dealing with uncollected children.

Additional procedures

Individual schools should record any additional procedures here or refer to any separate policies

6 Safe recruitment

6.1 General principles

The school/college recognises safe recruitment practices are an essential part of creating a safe environment for children and will ensure that staff working in the school/college are suitable do to so and do not pose any kind of risk to children.

- Applicants will be asked to provide a full employment history and details of at least 2 referees, including previous and recent employers. All references will be taken up prior to interview and will be requested directly from the referee. Referees will be contacted to resolve any issues that emerge from the references provided.

 - a summary of the DBS certificate (but all other documents relating to the DBS check must be destroyed);
 - documents that prove the staff member's right to work in the UK (failure to do so can result in a fine for employing illegal workers).

6.3 DBS checks

In order to ensure that people who work in the school/college are suitable to do so and are not barred from working with children, the school/college will apply to the Disclosure and Barring Service (DBS) for police checks and other barred list information as part of the recruitment process.

The school will also take out an enhanced DBS check on governors but a barred list check will only be taken out if the individual governor will be carrying out a regulated activity within the school.

Full DBS checks which include barred list checks will only be taken out on individuals who are involved in regulated activity. This is defined as close, unsupervised contact on a regular basis involving activities such as:

- teaching
- training
- supervising
- care
- guidance and advice
- driving a vehicle
- personal or intimate care.

The activity must be carried out regularly as part of the staff member's day to day responsibilities and the checks will be reasonable in order to safeguard children.

Model safeguarding and child protection policy for schools and colleges in Camden

Full DBS checks with barred list checks will also be carried out on permanent staff members working at the school/college or unpaid volunteers who regularly work unsupervised at the school/college and whose work means they have an opportunity for regular contact with children.

Other staff, contractors and supervised volunteers who have opportunities for regular contact with children but do not carry out a regulated activity will be subject to an enhanced DBS check but **not** barred list checks.

Decisions on whether a person is carrying out a regulated activity or whether their role provides opportunities for regular contact with children requiring a DBS check will be made by whoever is responsible for recruitment in the school, for example the head teacher or governor, and the following will be taken into consideration when deciding on this.

- the age of the children;
- their level of vulnerability;
- the numbers of children in the group;
- the nature of the role;
- opportunities for contact with the children.

The school/college has robust procedures for day to day staff management and supervision and clear procedures for reporting and acting on concerns. Staff carrying out roles involving regulated activity will be suitably supervised on a regular basis by senior staff carrying out a similar role.

The school/college will ensure that all DBS checks carried out on staff are renewed after 3 years of the original DBS disclosure.

6.4 Volunteers

The head teacher/principal will ensure that the following are carried out in relation to unpaid volunteers such as parents who accompany pupils on school outings or provide help in the classroom:

- All volunteers will be required to undergo a recruitment process, such as references, DBS and other checks and interviews that is appropriate and proportional to the duties assigned to them.
- Volunteers who are carrying out a regulated activity, for example being left unsupervised with children or providing personal care to children should be subject to an enhanced DBS check, including barred list information.
- New volunteers who are not carrying out regulated activity but who have an opportunity for regular contact with children will be subject to an enhanced DBS check but this may not include a barred list check.

Model safeguarding and child protection policy for schools and colleges in Camden

- For other volunteers who are not carrying out regulated activity and do not have regular contact with children, the head teacher/principal will decide whether an enhanced DBS check should be carried out depending on:
 - the nature of the role
 - what information is already known about the volunteer
 - what references from work or volunteering activity the volunteer has provided regarding suitability
 - whether the role is eligible for an enhanced DBS check.
- The school/college will ensure that all volunteers are competent to carry out the duties assigned to them and are only assigned duties that are suitable to their qualification and experience.
- Volunteers carrying out regulated activity but for whom a DBS check has not been carried out will be suitably supervised by teaching staff at all times at a level that ensures the safety of pupils.
- All volunteers will be fully inducted in relation to all school policies and procedures.

This section also applies to school governors who will be treated as volunteers for the purposes of carrying out DBS checks.

Additional policies

Individual schools should record any additional policies and procedures here

6.5 Disqualification by association

This section relates to primary schools with nurseries and/or reception classes and other schools where the school provides after school provision for children under the age of 8.

The school will implement the Childcare (Disqualification) Regulations 2009 by ensuring that staff who are disqualified by association because they live in the same household as a person disqualified under the Childcare Act 2006 are not able to work in an early years setting within the school.

To do this the school will follow the statutory guidance “Disqualification under the Childcare Act 2006”:

[Disqualification under the Childcare Act 2006 - Publications - GOV.UK](#)

The school will also implement the “Childcare Disqualification Requirements Management Guidance” provided by Camden available at: [Schools and Nurseries Safeguarding Policies | Camden Safeguarding Children Board](#)

7 Staff practice and conduct

7.1 Induction and training

- The head teacher/principal will ensure that all staff are fully inducted, are made aware of the school/college's safeguarding and child protection policy and procedures and that staff are fully aware of their role in implementing these. Staff will be asked to confirm in writing that they have received **and read** all relevant staff policies, including "*What to do if you are worried a child is being abused*" guidance.
- The designated safeguarding lead will ensure that all staff are fully inducted with regard to the school/college child protection procedures and that they receive safeguarding and child protection training on a two-yearly basis.
- The head teacher/principal will keep a central record of all statutory and other training undertaken by staff members, governors and volunteers.
- School/college staff and governors will receive multi-agency safeguarding training provided by Camden Safeguarding Children Board at the relevant level.
- As well as basic safeguarding training, the designated safeguarding lead and their deputy will receive specific training on their role and other relevant multi-agency training courses provided by Camden SCB.
- Schools/college staff will also receive training on the use of the Common Assessment Framework assessment and referral process as part of their safeguarding training.
- **School/college staff will receive regular and timely updates on child protection and safeguarding issues via the designated safeguarding lead in order to ensure they remain up to date with new legislation.**

7.2 Conduct and safe teaching practice

- The school/college expects staff and volunteers to set a good example to pupils through their own conduct and behaviour and aims to protect them from the risk of allegations being made against them by ensuring they maintain high standards of professionalism and appropriate boundaries.
- The head teacher/principal will ensure that there is a written code of conduct in place and that each member of staff, including volunteers, signs a code of conduct agreement on appointment that sets out the school/college expectations with regards to standards of professional behaviour and that all staff receive copies of relevant policies.

Model safeguarding and child protection policy for schools and colleges in Camden

- Staff and volunteers should be aware of current guidance on safe teaching practice contained in the DCSF “*Guidance for safer working practice for adults working with children & young people*” (2009).

<http://www.childrenengland.org.uk/upload/Guidance%20.pdf>

- Staff will be expected to follow Camden’s model social media policy for schools in terms of their use of social media, particularly in relation to professional standards and relationships with pupils. **All staff and volunteers will sign an acceptable use agreement before being given access to the school/college computer system.**

[Camden Essentials: HR model policies for schools](#)

7.3 Providing intimate or personal care to pupils

Staff in primary schools may need to provide intimate or personal care to younger pupils, for example helping a child who has soiled themselves or supervising pupils who are changing for P.E.

Schools must have a written policy in place in order to promote safe working practices for staff and ensure children’s privacy. Children should be encouraged to carry out self-care tasks for themselves where appropriate, but where adult intervention is needed, the following should be observed;

- *Staff should follow any agreed school policy or practice when providing intimate or personal care.*
- *When taking pupils to the toilet, staff should make colleagues aware of the task to be undertaken and explain to the child what will happen.*
- *Parents should always be notified if intimate care has been provided.*
- *When providing intimate care, staff should carefully and sensitively observe the child’s emotional response and report any concerns to the designated teacher.*
- *When children are changing, levels of supervision should be appropriate to the pupil’s age.*
- *Staff should avoid any physical contact unless a child needs help.*
- *Staff should ensure that changing areas are private and that others are not able to enter whilst children are changing.*

7.4 Behaviour management, physical intervention and restraint

It is the school/college’s policy to use physical intervention and restraint only in line with Camden CSF policy “*Physical intervention policy for schools and centres*”.

Guidance from the Department of Education provides schools with the powers to intervene in a variety of ways in order to manage behaviour within and outside the school. Details of these may be found at:

[Behaviour and discipline in schools - Publications - GOV.UK](#)

However, Camden strongly advises schools:

- *not to carry out non-consensual searches of pupils or their bags or lockers except in the presence of the safer schools police officer*
- *only to use reasonable force where there is a risk of harm to the pupil or others or a risk of substantial damage to property*

Schools should be familiar with Camden's local policies on bullying, use of physical restraint and guidance on carrying out searches of pupils.

7.4 Music tuition

It is recognised that music tutors are vulnerable to allegations being made against them because they often work with children alone and the activity can involve some physical contact with a child.

Music tutors need to be aware of the possibility of their conduct and behaviour, including physical contact, being misinterpreted by a child or taken out of context by other adults and:

- *ensure they behave in an appropriate manner and maintain professional boundaries at all times*
- *only use physical contact as necessary within the context of the activity, for example as a means of demonstrating technique, and only for as long as needed*
- *make sure any physical contact cannot be misinterpreted by a child by explaining in advance what contact will be involved and why*
- *ask the child's permission first and respect their wishes*
- *report any incidents or issues that arise to the appropriate member of staff and make sure a record is taken*
- *never travel alone with children in a car*
- *seek permission from parents before contacting children by mobile phone, for instance to rearrange a lesson or rehearsal, and use home telephone contacts wherever practicable.*

The school/college should:

- *carry out a risk assessment around providing music tuition. This should include:*
 - *providing rooms/spaces that are adequately safe and open locations where the teacher can be easily observed by others, for example a door with glass in it*
 - *passing on any relevant information about children that may have a bearing on how they could react to physical contact so the tutor can adapt their practice accordingly*
- *let parents know when they arrange tuition what level of physical contact may take place as part of the activity*
- *record any reported incidents or issues and deal with these within the framework of the school's own policies*
- *make sure music tutors are aware of the school's safeguarding and staff conduct policies prior to starting.*

7.5 Allegations against staff

In the event that an allegation is made against a member of staff or volunteer, the school/college will follow Camden's "*Guidance for the management of an allegation against a member of staff*".

[Policies / Guidance | Camden Safeguarding Children Board](#)

The board of governors should appoint the head teacher as the school representative for the purposes of the allegations procedures and who will link with the Local Authority Designated Officer for all allegations raised. A further staff member will be identified as their deputy to act in their absence or if allegations are made against the responsible staff member.

All allegations in relation to staff members will be referred to the head teacher; allegations against the head teacher will be referred to the board of governors.

Where a staff member is removed or resigns from the school/college prior to or following the upholding of an allegation against that person and the responsible staff member and the LADO agree that the person is unsuitable to work with children, the responsible person will refer the individual to the DBS.

The DBS referral form and guidance for completing the form can be accessed on line via the DBS website at:

[Disclosure and Barring Service: criminal record checks, referrals and complaints - Detailed guidance - GOV.UK](#)

7.6 Whistleblowing

The school/college fosters a culture of openness in line with the "Freedom to speak up" review and will put in place strategies and procedures to ensure that staff feel enabled to raise concerns relating to the safeguarding of children or poor practice within the school that may cause a risk to children.

The school/college recognises that there may be circumstances where staff and pupils feel unable to raise concerns or incidents of malpractice within the school/college environment as there is reasonable doubt that these would be dealt with adequately.

All staff and volunteers have a legal duty to raise concerns where they feel individuals or schools/colleges are failing to safeguard and promote the welfare of children. Where it is not possible to raise concerns within the school/college, staff and volunteers may report concerns to the following;

- Camden's lead officers for child protection or safeguarding where there are issues regarding the welfare of a pupil;
- **The following numbers can be used where there are issues regarding the school/college's overall procedures around safeguarding**

- Camden Council's confidential and independent help-line for protected disclosure on **0800 734199**
 - the Ofsted whistle-blowing line on **0300 123 3155**
 - the NSPCC whistleblowing helpline on **0800 028 0285**.
- The head teacher is responsible for ensuring that these numbers are advertised on the school premises and made available to staff and pupils.

Additional policies

Individual schools should record any additional procedures here or refer to any separate policies, which should cover the following areas:

- *Relationships with pupils/positions of power and trust for the purposes of the Sexual Offences Act 2003*
- *expected guidance on professional and personal standards of conduct and behaviour*
- *confidentiality*
- *duty of care*
- *contact and communications with pupils and parents, including appropriate physical contact, home visits, email and other electronic communications*
- *behaviour management and use of restraint*
- *dealing with allegations*
- *first aid and administering medicines*
- *providing intimate or personal care*
- *photography and videos*

8 Health and safety and risk assessments

8.1 Responsibility for health and safety

The governing body and head teacher/principle will ensure that there is a robust health and safety policy in place in order to meet the statutory responsibility for the safety of pupils and staff within the school environment.

Any health and safety policy adapted by the school/college will be based on the government guidance (link below) and will seek to balance risk avoidance against providing pupils with opportunities to take part in activities that help them learn to manage risk themselves.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/279429/DfE_Health_and_Safety_Advice_06_02_14.pdf

Day-to-day responsibility for health and safety issues in the school/college will be delegated to a member of staff who is competent to carry out these duties and who has received the appropriate training. This is:

<p>Name: Designation: Contact details:</p>

8.2 Risk assessments

The school/college will seek to identify and manage risk through the use of risk assessments. These will be carried out:

- on an annual basis for the school environment as a whole;
- for all school trips;
- for pupils travelling between locations during the school day;
- for all work-based learning or work experience placements;
- when a pupil who has been excluded for risky or violent behaviour is returning to the school;
- whenever there are any changes to the school environment or school practices;
- following any serious incident.

8.3 Working with aggressive and violent parents

Where schools are working with families who are known to CSSW and there are concerns about the behaviour of parents towards members of school staff, this must be discussed with the head teacher/principal and the designated safeguarding lead and the information shared with CSSW.

If there are high levels of risk involved in contact with parents, CSSW may convene a risk assessment meeting with the network in order to discuss strategies to reduce risk, and it is vital that schools and colleges are part of this process.

8.4 Site security and visitors

- The board of governors is responsible for the security of the school premises and will take steps to ensure it is a safe environment and securely protected against trespass and/or criminal damage.
- The head teacher/principal will decide whether or not contractors should be subject to DBS checks before being allowed access to the building, depending on the level of access they are likely to have to pupils.
- Where the visitor is employed by an organisation where DBS checks are normally required, for example NHS staff, the head teacher/principal will request written confirmation that relevant checks have been carried out for that individual.

Model safeguarding and child protection policy for schools and colleges in Camden

- All visitors and contractors will be:
 - informed to report to reception on arrival;
 - expected to provide proof of identity
 - expected to wear a name-badge or carry some form of identification at all times when on the school/college premises;
 - suitably supervised by school/college staff at all times;
 - made aware of school/college health and safety procedures.
- The head teacher/principal and the board of governors will ensure that any contract entered into with contractors' sets out clearly the expectations for worker's behaviour and the responsibility of contractors to monitor and ensure compliance with school/college policies.
- Contracted workers will not be allowed to approach or speak to pupils in any circumstances and must ensure that all equipment and working practices are in line with health and safety standards.
- Visiting organisations such as theatre groups who will be performing for or working directly with pupils will be expected to have adequate child protection procedures in place and must agree with class teachers in advance what level of supervision or contact they will have regarding pupils.

8.5 Use of the school premises by other organisations

The school/college will only allow use of the school premises by other organisations schools outside of school hours for the purposes of providing supplemental schooling if:

- the schools articles of trust or other incorporating document allows this;
- the organisation provides an overview of what it intends to teach so that the board of governors is able to make a judgement on whether this is in line with the promotion of British values;
- the organisation can provide evidence that they have followed safe recruitment practices and that their staff have the requisite DBS checks;
- the following reasonable and due diligence checks are taken out on the organisation by the school;
 - an internet search on the organisation
 - checks with Camden's Community Groups and Schools Consultant (020 7974 7319)
 - checks with Camden's Channel officer (020 7974 1475)
 - checks with Camden Community Safety and the local police (020 7974 2915)

- details of the agreement are recorded on the partnership agreement record available at: [Schools and Nurseries Safeguarding Policies | Camden Safeguarding Children Board](#)

8.6 Monitoring and review

To enable the school/college to monitor the safety of the premises and the school environment, as well as the implementation of policies, the head teacher/principal and the board of governors will ensure that;

- all school/college policies are regularly monitored by the designated safeguarding lead and annually reviewed by the head teacher and governing body;
- the school/college keeps a central record of all accidents and incidents including what action was taken and by whom;
- staff are aware of their responsibility to record accidents and incidents;
- the head teacher/principal has an overview all accidents/incidents;
- serious accidents and incidents are reported to the board of governors;
- the designated safeguarding lead ensures a high standard of recording of all concerns held about children;
- all accidents and incidents are scrutinised on a regular basis by the board of governors to identify any problems or weaknesses around school/college safeguarding policies and procedures or any emerging patterns, and agreeing to any course of action.

Additional policies

Individual schools should record any additional policies and procedures here

9 Additional safeguarding policies

9.1 Non-collection of children from school

This section applies to primary schools only

The school will put in place a policy regarding handing over children to adults who are not their parent or known carer at the end of the school day. Parents will be asked to provide the details of the person who will normally collect the child and will be informed of the need to notify the school in advance if this changes, giving details of the person authorised to collect the child. Parents will also be asked to inform schools where children are subject to court orders that limit contact with a named individual.

In the event that anyone who is not authorised to do so attempts to collect the child, the school will not allow the child to leave but contact the parent immediately.

If a child is uncollected at the end of the school day, the school will follow the procedure agreed with CSSW:

Model safeguarding and child protection policy for schools and colleges in Camden

- The schools will check with the child to see if there are any changes to arrangements for collection and try to make contact with the parent or other family members, and wait with the child until someone comes to collect them.
- Children will not be released into the care of another parent even where they offer to take the child home.
- The school will put CSSW on notice at 4.00 pm if there are difficulties in contacting parents or other family members.
- If no contact can be made with the parent by 4.30pm, the school will contact the CSSW assessment team who will arrange for a social worker to collect the child or make arrangements for the child to be transported to the CSSW office.
- The school will regularly ask parents to confirm and update contact details and to nominate a family member or friend who can collect the child in the event that they are unable to do so.
- Where children are regularly uncollected or collected late, this should be discussed with the designated safeguarding lead and reported to the Education Welfare Service. If there are also child protection concerns, a referral should be made to CSSW.

Additional policies

Individual schools should record any additional policies or procedures here

9.2 Children who are missing from education or home educated

Schools need to be aware of those children who are persistently absent or missing from school as this may be an indicator of welfare concerns.

Attendance policies should state clearly who needs to be notified and what action should be taken and any relevant timescales. Schools should refer to Camden's "Children missing from education" policy and the CSCB missing children protocol for further details available at: [Schools and Nurseries Safeguarding Policies | Camden Safeguarding Children Board](#)

Where a parent notifies the school that they are removing the child so they can be educated at home, the following notifications should be made:

- *The Education Welfare Service must be notified of all decisions.*
- *If the child is already known to CSSW, their allocated social worker should be notified immediately.*
- *If the child is not known to CSSW, but the school has concerns about their welfare, the designated safeguarding lead should make a referral to CSSW.*

9.3 Children who harm other children

Where a pupil's behaviour causes significant harm to other pupils, for example through violent or sexually abusive behaviour, the school/college will refer the child to **the Child and Family Contact team** under the *Children who harm other children* protocol available at: [Policies / Guidance | Camden Safeguarding Children Board](#)

9.4 Prevention of radicalisation

The school/college's safeguarding duty includes the duty to promote British values in order to counter the extremist narrative and prevent young people from being radicalised and drawn into terrorism.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/380595/SMSC_Guidance_Maintained_Schools.pdf

Under Counter-Terrorism and Security Act 2015, the school/college also has a duty to refer young people on to Camden's Channel Panel under the Prevent strategy where there are concerns that they are being radicalised.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/417943/Prevent_Duty_Guidance_England_Wales.pdf

Where a school/college has concerns that a young person might be considering extremist ideologies and/or may be radicalised and would benefit from specialist support to challenge extremist ideologies, or that a younger pupil may be at risk due to their parent's radicalisation, the school/college will follow the guidance set out in the CSCB guidance "Safeguarding children and young people from radicalisation and extremism" available at:

<http://www.cscb-new.co.uk/wp-content/uploads/2016/03/CSCB-guidance-on-radicalisation-and-extremism.pdf>

Schools should always be a safe space for young people to explore new ideas and perspectives, and develop their critical thinking skills. Where there are concerns about radicalisation and a referral to Channel Panel is being considered the school/college should discuss these concerns internally and also consider external advice and guidance where necessary and appropriate.

*The school/college designated safeguarding lead should be consulted for internal advice on making a referral. Prior to making a referral the school may also speak to and get advice from their police schools officer (if they have one), the **Police Prevent Engagement Officer (Mark Fowler, Mark.P.Fowler@met.pnn.police.uk or call 0208 733 6014)** and **Camden's Prevent co-ordinator (Rema Patel, rema.patel@camden.gov.uk or call 020 7974 1475).***

Additional procedures

Individual schools should record any additional procedures here or refer to any separate policies

9.5 Mandatory reporting of Female Genital Mutilation (FGM)

The school/college will follow the statutory guidance on FGM available at: [Multi-agency statutory guidance on female genital mutilation - Publications - GOV.UK](#)

Where a pupil makes a disclosure of FGM, the school/college will follow the mandatory reporting rules and make appropriate referrals to the police as set out in the CSCB guidance available at: <http://www.cscb-new.co.uk/wp-content/uploads/2015/10/FGM-mandatory-reporting-guide.pdf>

9.6 Children with special education needs or disabilities (SEND)

The school/college is aware that children with special education needs or disabilities may be more vulnerable to harm and abuse and may be more likely to experience bullying. School policies reflect this and recognise that staff need to be able to help this group to overcome barriers to seeking help.

Additional procedures

Individual schools should record any additional procedures here or refer to any separate policies

9.7 Online safety

As part of its duty to provide a safe learning environment and ensure pupils know how to remain safe online, the school/college will implement the recommendations of Camden's model schools e-safety policy available at: [eSafety | Camden Safeguarding Children Board](#)

Some children are living in circumstances that may make them more vulnerable to abuse, neglect or poor outcomes. CHILD PROTECTION; DEFINITIONS AND INDICATORS

Definitions

Child protection is part of the safeguarding agenda that focuses on preventing maltreatment and protecting children at risk of neglect or abuse. Physical abuse: causing physical harm or injury to a child.

Sexual abuse: involving children in sexual activity, or forcing them to witness sexual activity, which includes involving children in looking at or the production of pornography.

Volunteers

- Unsupervised volunteers should not be left alone or allowed to work in regulated activity.
- For new volunteers in regulated activity who regularly teach children unsupervised an enhanced DBS is needed with a barred list check.
- For new volunteers not in regulated activity, schools should obtain an enhanced DBS certificate.
- Existing volunteers who provide personal care, the school should consider obtaining an enhanced DBS.
- Existing volunteers who are unsupervised do not need to have a DBS check with a barred list check because the volunteer should have been checked originally.
- For existing volunteers not in regulated activity there is no requirement for an enhanced DBS check (a school can request one but may not request a check of the barred list).
- For a volunteer not engaging in regulated activity a risk assessment should be made and a professional judgement made about the need for an enhanced DBS check.
- Supervision of volunteers – there must be supervision by a person in regulated activity, where supervision occurs, this must be regular and day to day and the supervision must be reasonable in all the circumstances to ensure the protection of children.

Regulated activity

Regulated activity (see p20 for definition) – the period condition is at any time on more than three days in any period of 30 days. 'Frequently' is doing something once a week or more. Work of the nature defined is considered regulated activity if done regularly; where this is the case an enhanced DBS check is needed with a barred list check.

Contractors

Contractors or employees of contractors working at the school should have the appropriate level of DBS check if a check is required, eg if the contractor is carrying out teaching or providing a level of care or supervision of children regularly.

Documents

Please note that there is no requirement to list DBS numbers. Also, to comply with the Data Protection, DBS certificates should not be retained any longer than six months. Other documents to verify identity, right to work in the UK etc, should be kept in personnel files.
